PHILIPS

xoopar®

Making your promotion stand out is critical. That is why our designers are constantly looking at new ways to tailor our branding methods to suit your requirements.

We can help in many ways. We have our own product design studio. Our designers are experts in creating unique promotional gadgets that can be customised in multiple ways. The design studio is ahead of the game.

On the next pages you will find a selection of our d-vice originals. You will find them also throughout the catalogue in the different sections, and online of course. Look for the d-vice original logo!

JUST ONE CLICK
TO OPEN THE
RIGHT WEBSITE

0014-CC WebClick d-vice

Let StickyDrive work for you

What is StickyDrive™?

StickyDrive is interactive software that allows your FlashDrive to become smarter than the rest! StickyDrive™ software loaded onto a FlashDrive allows you to keep your customers/prospects right up to date over the Internet.

Your message on the FlashDrive is updated as often as you wish AFTER you have given it out at an event etc. Endless opportunities to target and communicate your message to your customer, from inside their computer!

In short

StickyDrive™ is software contained inside the FlashDrive that presents your logo and company message on the screen instead of just an imprint on the product or packaging.

Features

- Integrated Search Tool
- Music, Photo and Video Player
- Custom Web Links
- Can be Updated after distribution
- Completely Customisable Skin

Benefits

- Keep products and service offerings current
- Get maximum branding impressions
- Update-able Interactive Marketing Platform
- Higher ROI on FlashDrive give-aways

DIGITZ®

3012

Digitz® EZmouse

is an innovative wireless computer mouse which does not require any traditional batteries and can be simply charged through USB. During charging your wireless connection normally would be disconnected, however due to a integrated backup system your computer mouse is still active for a few days. You save on batteries, the environment and hassle of changing batteries and lost wireless connections.

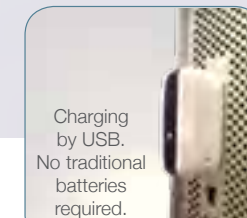

Including dongle and rotatable connector.

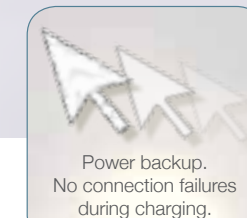

Separate dongle inside the EZmouse.

Wireless connection.

Charging by USB. No traditional batteries required.

Power backup. No connection failures during charging.

Just order separate personalised EZcovers. The covers are easily detachable. Be creative and create your own decor. Your family, favourite pet, car, special event or sportteam? Or choose one of our standard templates. **Endless ideas!**

Winner at iENA Germany and INPEX 2010 - USA.

Digitz® EZmouse. The most innovating PCmouse in the world!

Patent Pending, Patented Design, Digitz® is a registered trademark.
